

# Aktion Club

Dear (Name),

While we work to establish a Aktion Club at (FACILITY NAME), we're pleased that you have been recommended to us as a potential club advisor. As an Aktion Club advisor, you would have a unique role — connecting clients with their local communities and introducing them to the concept that anyone can be a community leader.

Aktion Club is an international service organization that offers learning and leadership opportunities at a local level. Its connection to Kiwanis International and other Kiwanis youth programs also allows Aktion Club members to collaborate with an inter-generational audience to achieve their goals. Each Aktion Club is sponsored by a local Kiwanis club and has access to a suite of educational programs and resources provided through Kiwanis International.

As a club advisor, you would have the collaboration and support of a Kiwanis member serving as the Kiwanis advisor to the Aktion Club. Kiwanis members are dedicated to serving the children of the world, and all receive background checks and regular youth protection training. They also adhere to the Kiwanis Youth Protection Guidelines at all Kiwanis and Aktion Club events.

We are also happy to announce that Aktion Club advisors have access to Kiwanis family partner benefits! This means discounts on thousands of products from national brands, on group travel and at major retailers such as OfficeDepot/OfficeMax.

Studies show that service and volunteerism boost happiness. And they're a key ingredient in building character. Involvement in leadership helps adults with disabilities develop social-emotional skills, which are essential for success in life. We are committed to supporting and fostering a Aktion Club at (FACILITY NAME) to ensure its long-term success. We recognize that you have committed your life to serving the adults with disabilities in our

# Aktion Club

community — and we hope you will consider this unique opportunity to help clients grow from the power to give back.

Yours in Service,

*(Include name of club president along with names and titles—if applicable—of all who may attend a meeting with the Facility advisor or of all who are members of the Kiwanis Club. Remember: There is strength in numbers!)*
