SERVICE LEADERSHIP FOR
ADULTS WITH DISABILITIES

AKTION CLUB

Why it works

Like anyone with a desire to serve others, adults with disabilities want to be an integral part of their communities. For the program's nearly 12,000 members, Aktion Club makes it happen.

Each club is an independent entity. Members work together to improve their communities. Their service also increases visibility and respect for adults with disabilities. In fact, it does the same for the clubs and organizations whose members serve as advisors. The program is designed to fit member and volunteer interests.

- **It's member-led.**

Aktion Club is uniquely built on an important principle: Amazing things happen when the members take the lead.

- **It's member-appropriate.**

The program and its resources are designed specifically to help adults with disabilities get the most out of the club experience.

- **Your needs matter.**

In order to fit the needs of advisors, members and sponsors, each club determines its own meeting schedule, service projects and other activities.

- **You're not alone.**

Adult volunteers and staff at the regional and international levels are there to support each club's success.
