AKTION CLUB'S LITTLE FREE LIBRARY

The Aktion Club in Downers Grove, Illinois, U.S., brought a creative vision to life with a Little Free Library created to resemble a TARDIS from the British science-fiction television series "Doctor Who." The project was possible due to the collaborative efforts of members, the sponsoring Kiwanis club and the Lisle Park District. This beloved community fixture, always brimming with books, highlights the power of teamwork and inclusion.

OUTDOOR SERVICE IDEAS

Spring is a time to get outside. Combine two healthy activities — being outdoors and doing service — with an idea from this list:

- Organize a walk-a-thon and take donations for a favorite club cause.
- Make [seed bombs](#) to give away at a library, elementary school or park.
- Invite friends and neighbors to participate in an outdoor activity with members.
- Clean litter on a beach, along a walking path or in a park.
- Clean up a community garden and get it ready for planting.

Of course, club members may have some ideas of their own. Feel free to organize an Aktion Club brainstorm!
