AKTION CLUB OF LADY LAKE

SINGLE SERVICE PROJECT

2026 — Hygiene Bags

Identifying a Service Need

Our club learned about a project implemented by the local Wildwood Police Department to provide basic hygiene products to elementary through high school students who were being bullied because they lacked the financial resources to purchase these essential items.

We recognized an opportunity to support this effort and help students feel more confident, comfortable, and prepared to succeed in school.

Service Project Plan

Community Liaisons from the Wildwood Police Department were invited to our Aktion Club meeting. They took the time to explain their hygiene bag project to our members and ask for our assistance in collecting and packing the requested items.

The representatives from the Wildwood Police Department were Ms. Chelsea Jackson and Ms. Roni Wood.

Our members worked together to collect the requested hygiene products and prepare them for distribution to students through local schools.

Carrying Out the Project Plan

Our Aktion Club members collected and packed a variety of full-sized hygiene products, including shampoo, conditioner, hairspray, hair gel, socks, razors, and feminine hygiene products.

These items were packed into bags supplied by the Wildwood Police Department. Members worked together to organize the donations and prepare the completed bags for distribution.

Engaging Others

A social media post was created to inform the community about the hygiene bag project and highlight the service Aktion Club members were providing in partnership with the Wildwood Police Department.

This helped bring awareness to an important need in our local schools and demonstrated how community organizations can work together to support students.

Impact on the Community

Our club successfully packed **20 hygiene bags** filled with donated items!

Additional hygiene products remained after the 20 bags were completed. These extra items were provided to the Wildwood Police Department so they could distribute them to school counselors throughout the school year as additional needs arose.

Impact on the Members

Our club members were amazed to learn how something as simple as providing basic hygiene products could make such a meaningful difference in a student's life.

The experience also encouraged us to appreciate the resources and opportunities we have while reminding us of the importance of giving back to others.

Aktion Club is built on service to others while working together to strengthen our communities. It is also an opportunity for our members to gain a glimpse into the hardships that others may face and to realize how fortunate we are to be able to help.
